# JALPA TAKES OFF.

**WRITTEN BY SUE BAKER
PHOTOGRAPHS BY
ROGER WATT**

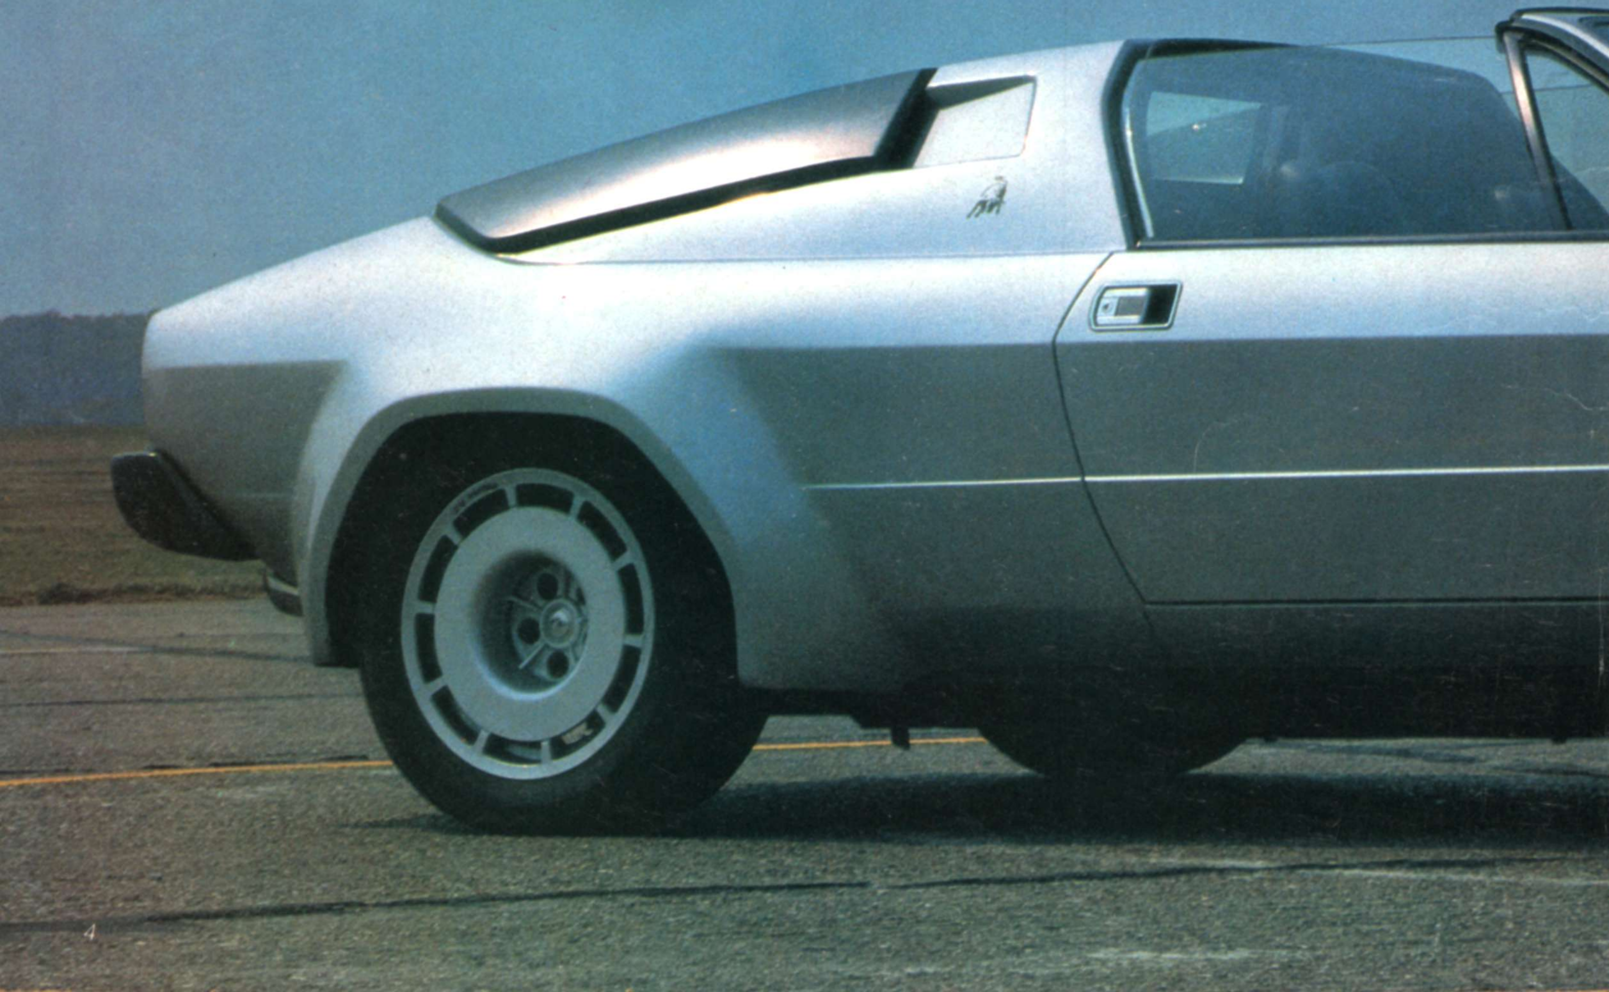
For a supercar with one of the most charismatic names at the glamour end of the motor market, the Lamborghini Jalpa is much less of a rarefied beast than you might expect.

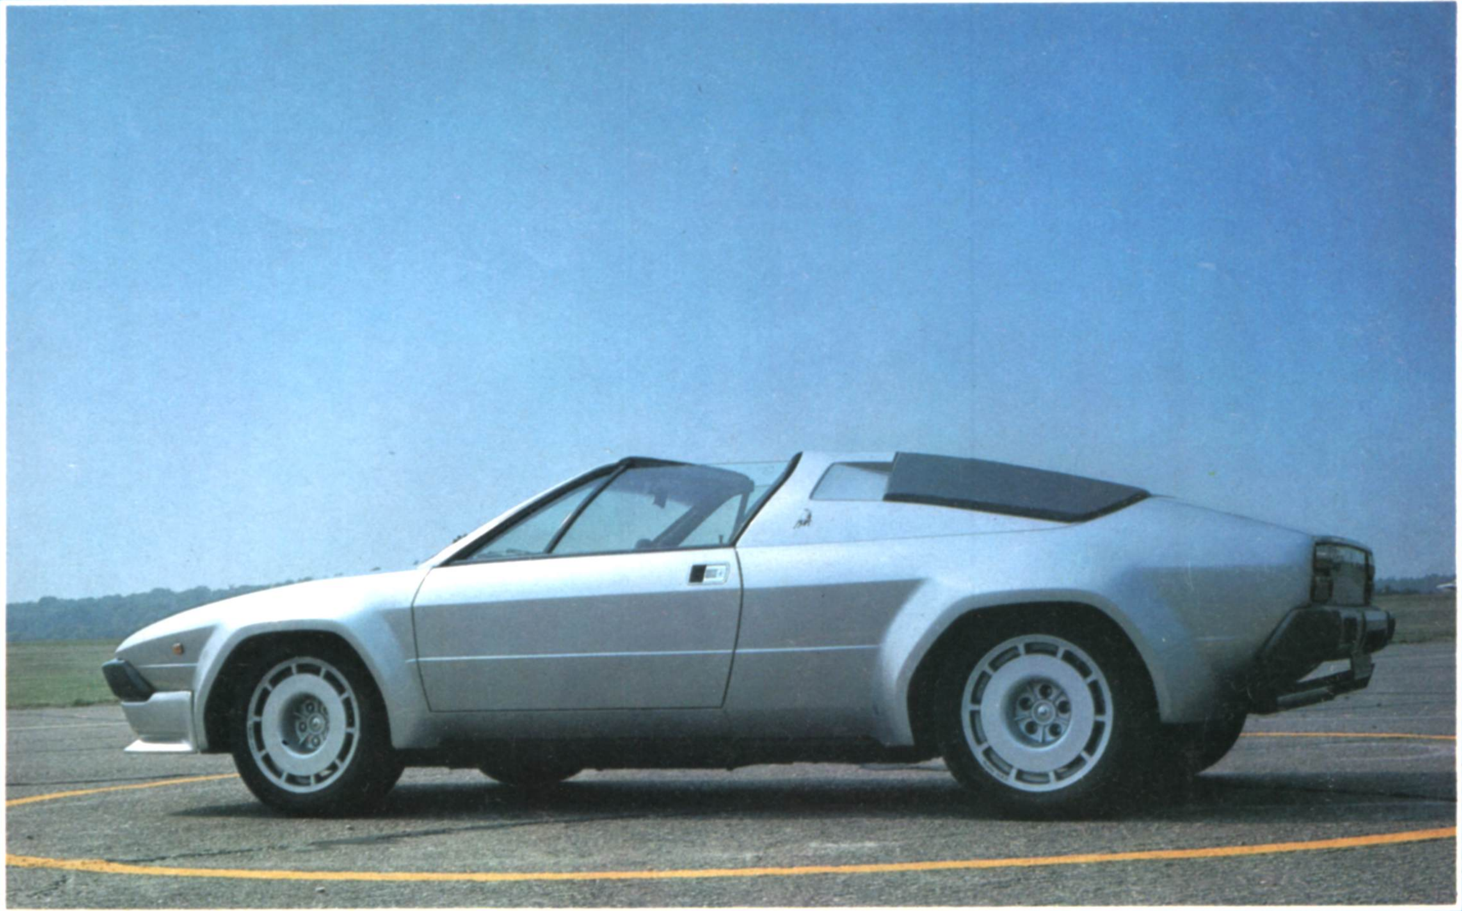
Compared with its supremely exotic big brother, the Countach, it might almost be described as pedestrain to drive. Such is the contrast between the demanding nature of the sumptuous, five-litre Countach and the sleeker, straightforward appeal of the 3½ litre Jalpa.

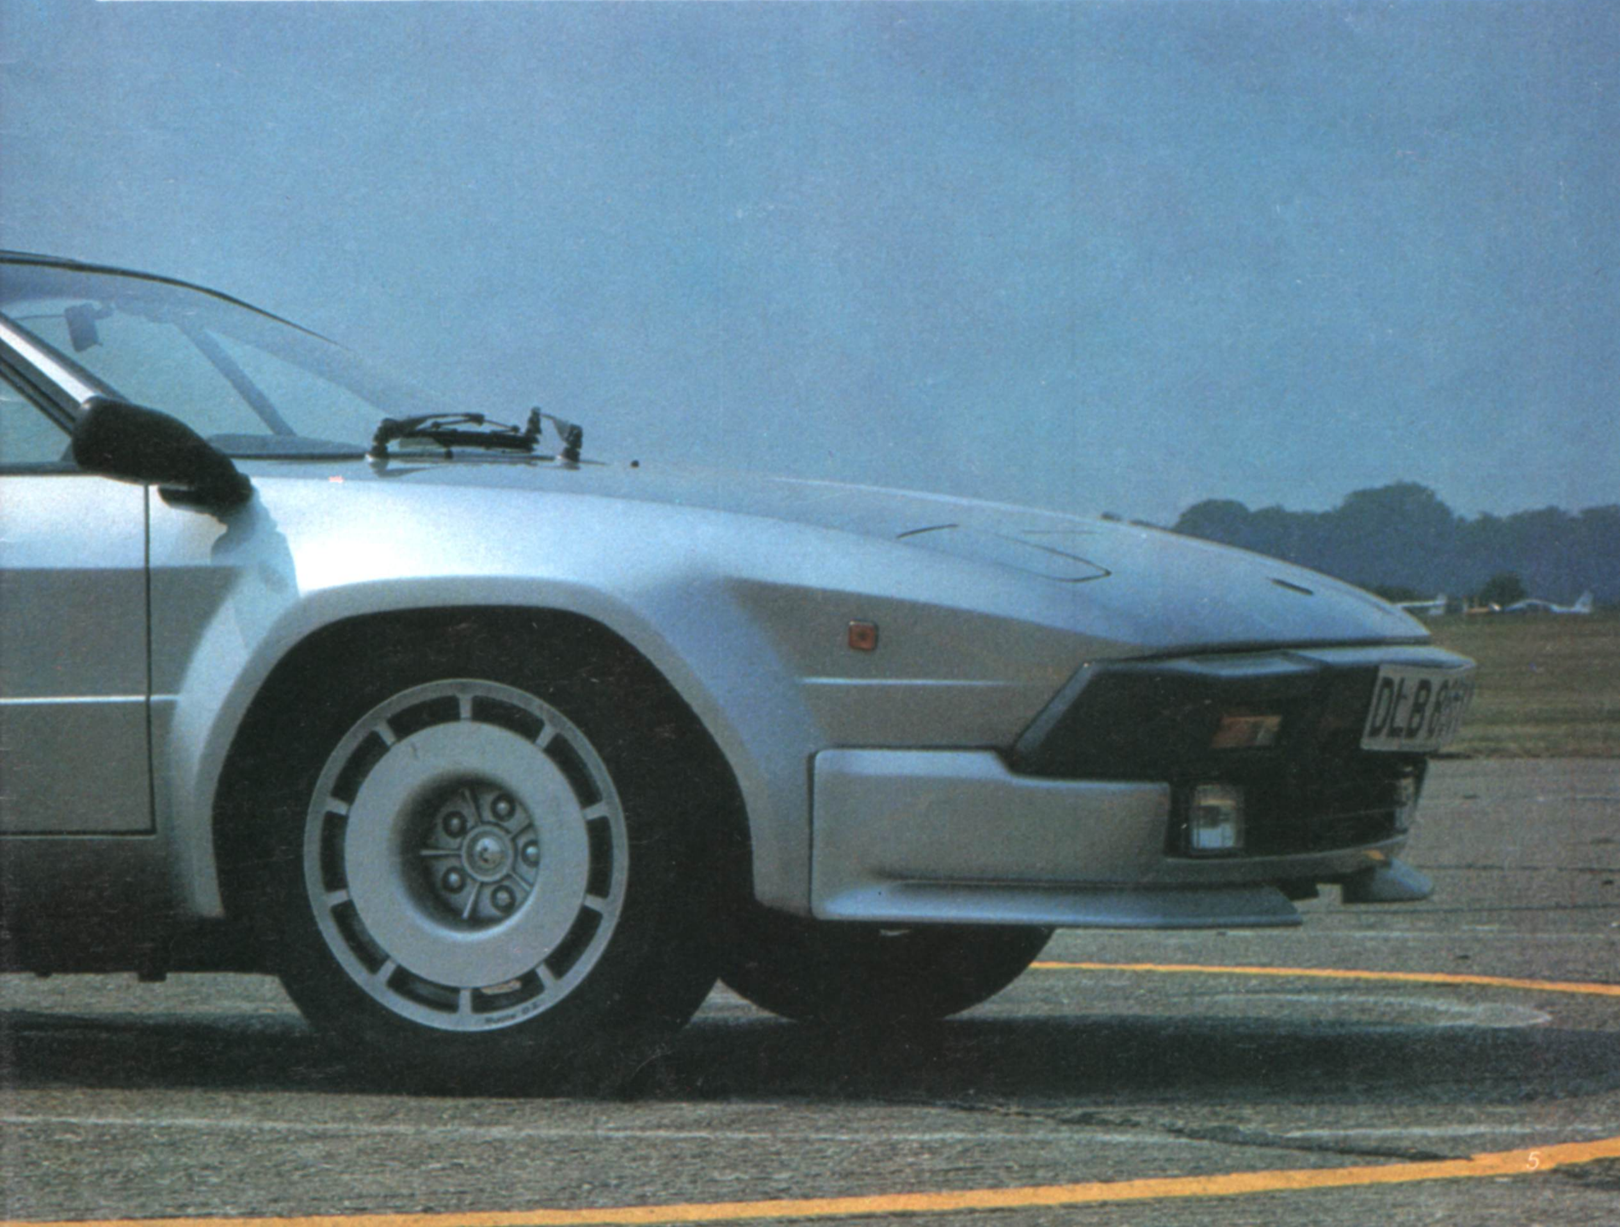
By any other standards it is still a luscious piece of exotica, muscular enough in shape to turn heads, powerful enough to satisfy a demanding driver, and dear enough to maintain a rarity interest. It is just that by Countach standards, its driving style is so much more familiar, lacking nothing in overall charm but feeling comfortably less like a wingless jet fighter flying at ground level.

For Jalpa, sharpen your aitches. It is pronounced 'Halpa'. Choose your weather, because this is a car which comes into its own on a mild, dry day when the targa roof can come off and blow the cobwebs out of your motoring enjoyment.

By the nature of the machine, you must also







limit your luggage. Accommodation for anything more than driver, passenger and two or three squashy bags is negligible.

Lamborghini's claim for the Jalpa of a top speed exceeding 150mph appears not to be an exaggeration. Independent testing has shown the car to be capable of nudging a genuine 150 miles per hour on the clock. My only disappointment with the Jalpa was being personally unable to put its flat-out pace to the test, lacking the immediate availability of a German autobahn, and inability of the test car to fulfil its potential due to a gearbox fault which prevented it from being driven flat out.

In no other way did it fail to please. It is a more liveable car than the Countach, fast enough through the gears to enflame the blood pressure, untemperamentally flexible in traffic, and growlingly gorgeous on the open road. It sits firmly squat on the road at speed, and corners with delicious precision. This is motoring of a splendid calibre.

The engine is a V8 alloy unit with a singing quartet of Weber carburettors. The cubic capacity is 3,485cc, and the peak power output is 250bhp at 7,000rpm, with maximum torque peaking 235lb/ft at 3,250rpm.

The suspension is independent all round, using MacPherson struts, lower A-arms, and coil springs at the front end, and Chapman struts, reversed lower A-arms, trailing links and coil springs at the back, plus anti-roll bars at both ends. The result is excellent in both ride and general handling.

10 inch diameter ventilated discs provide the braking both at the front and rear, with servo-assistance. The Jalpa stops as efficiently well as it goes.

There are five gears, corsetted in a metal gate change which is an acquired taste.

The Jalpa is tidily packaged, with its engine mounted in a mid position behind the cockpit, with a shallow front compartment housing the legally questionable space-saver spare wheel, with a rectangular luggage compartment in the tail behind the engine bay.

It gets up and goes with some of the best of them. ♣

# THE DEFLOWERER

**By J Muirhead.**
**Illustration by Bob Carlos Clarke.**

Lisa's house in Reading once belonged to an aristocratic family. Now the sprawling mansion with it's lake and croquet lawn, was the perfect setting for a whorehouse.

But Lisa's clients were not ageing men who were afraid they were losing their prick-power, nor were they cunt hunting nice guys with steady jobs, a wife and two kids. Her clients were the sons and heirs of the very rich. Deflowering them, she impregnated their minds and bodies with sex. They were taught how, when and where to touch a woman. Their bed lessons included a list of erogenous zones, with a series of blue videos that would have brought off the most impotent male.

'I was riding cock at 18, although the first man I had was a dirty bastard and knew nothing about the female anatomy. At that tender age, I too knew nothing about sex, except of course that he was going to pay me. It was *wham-bang-thank-you-mam*. Half a minute was spent on my plump young bosoms, followed by two or three gropes around the arse and that was it, straight up my cunt . . . groan, grunt spunk spunk and it was all over – at least for him.

But where, I thought, are all these incredible feelings, the sexual heights as everyone called them? All I had to show for my fuck session was a lousy tenner. Well if that's fucking, you can stick it, I thought, and turned to women.

For six or seven months I fucked and poked my way around the lesbian underworld. The only girl, Charlie, to use a dildoe on my cunt brought me off with such a bang that I thought I'd fallen in love with her. However after six or seven sessions I realised it wasn't Charlie I was in love with, but her plastic prick! Yes I wanted a man – but it had to be on my terms. Going back to my pimp, I was assigned to bed a young titled gentleman whose wealthy aunt didn't want him to become a poof! It was on this first occasion with a virgin male I discovered that quimming was far more fun and certainly more satisfactory than fucking!

Lord Bentley-Brown was 19 years of age, scarcely a year older than myself. I later discovered that his wealthy aunt was married to a very impotent male and no doubt her ladyship didn't want the young Bentley-Brown to end up the same way.

He was, from appearance, an interesting, if somewhat shy, youth. Having just returned from the family estate in the South of France, his young, taut body was tanned by the sun, while his sandy coloured hair had been bleached blond. If anything he was rather effeminate. A scholar at Eton no less, he would one day inherit the family fortune, marry into the social circle and perhaps even end up in a whorehouse just for fun!

Like most young men he was more than nervous. Aside from his stutter he had developed a nerve rash around his nose and eyebrows. I was already naked and ensconced in the sheets of the four-poster bed awaiting his arrival. We talked briefly while I instructed him to take off his clothes. When he got down to his briefs I slid out of bed, watching his reactions as I wandered towards him. He almost gasped as he scrutinised my body, from that very first moment I knew he was a tit-man.

My hands gripped the side of his pants and gently tugged them down his hips, revealing his hairless prick and virgin testicles. Our mouths met. Unaccustomed to being kissed, he tried first to push his tongue into my mouth, missed hopelessly then retracted his tongue. My tongue inched its way down his chin, further south past his navel then on to the rim of his cock. At that moment his hands grappled with my tits, squeezing and pulling at them like a puppy hungry for milk.

We lay down together. Of course he wanted to jump on board as though I were one of his motor bikes. Instead, I manoeuvred his body to one side of the bed. Putting both arms around my bosoms, I began to caress them so that my nipples hardened. Wriggling my arse a little I parted my legs, then deftly began to finger-fuck myself until I was moist and wet. Parting my legs more, I pushed his fingers into my fanny, then gently eased him on top of my body. With baby-like gestures he suckled my tits, gobbling at them as he eased himself into the missionary position.

I imagined it would all be over in seconds and, try as I did to prolong his erection, he was like a raging bull. The head of his cock roared into my cunt and in doing so the rim happened upon my quim. Reaching both hands around his arse I splayed my legs open even further and began to rise and fall, pushing with each rise until my quim was suddenly erect and hard. Of course we came together, he thinking what a good fucker he was and me realising what my quim was for.

Afterwards he wanted more. I let him investigate my anatomy, his fingers pulling open my labia lips and his mouth tasting the salt of our sex for the first time. I waited until his mouth was right around my cunt before turning his body around so that his cock was dangling over my own mouth. Then, in slow movements, my tongue played with his penis flesh until once again it was hard and rigid like a pole. Sucking him off brought him almost to tears since, try as he could to give me a dose of this sexual medicine, I couldn't come for him, but instead he spurted like a fractured pipe until every ounce of juice was gone from his balls. Then he collapsed on top of me, his prick draped around my neck like a snake.

I'm sure he has never forgotten me, we see one another from time to time although 10 years has elapsed since our first fuck together. He has a very beautiful, rich girlfriend and no doubt she enjoys his lovemaking, but all my virgins aren't success stories.

As the years passed, I managed to get myself a reputation for deflowering young virgin males. The profits of my business bought me luxury, there are very few whores who were born rich. We have all come from poverty.

Not all my clients were as easy as Bentley-Brown. Ridding myself of pimps and Soho, together with everything that went with it, I moved into the country. In my game the word spreads very quickly and within six months I was employing two other girls who I trained. When difficult clients appeared on the horizon I bagged them, fucked them and sent them packing. You would be quite surprised how many wealthy men want their sons deflowered and are willing to pay not only for the deflowering but also for the video

**PACHA WAS A COARSE YOUNG MAN WHO WAS QUICK TO UNDRESS AND JUMP INTO BED BESIDE ME**

film of this unique, and always memorable, occasion!

Paul arrived in a chauffeur driven Rolls Royce. He stepped out of the car looking rather like a patient from a mental hospital or maybe one of the characters out of *One Flew Over The Cuckoo's Nest*. In our pre-sex conversation he explained that he didn't like women and that he would pay me to tell his father that the job had been done. We discussed Paul's problem – his father.

Was there any type of sex he'd like? Did anybody or anything really turn him on?

The film *Ten*, he said laughing. Bo Derek, I retorted. He blushed. 'Let's fuck to Ravel's Bolero then!'

Another bottle of champagne and the poor, bespectacled, spotty youth was naked and afraid. Experience has taught me that one has to be a mother-fucker really, in that customers must be cajoled into sex, weaned if you like.

As a classical music freak, I just happened to have a copy of the Bolero. However my looks would never match Bo's – but I hoped the music would be sufficient.

He really was clueless – the communication between his fingers and brain was nil. Apart from using my tits like balloons, he didn't venture further than my navel. Deciding that the only treatment which would arouse him would at the same time frighten him, I literally raped him. I grabbed his cock with both hands and went straight down on him, my tongue whiplashing his foreskin until the poor hapless creature grew and extended itself like an unwilling snake rising to the charmer's pipe.

In retaliation the little bastard started to spank my arse. Whether it was the sound of his slapping, or the quickness and sucking which brought him off I'll never know. There was certainly nothing in it for me, but Michael was deflowered and probably became a spanker or wanker! Not a success story I'm afraid, but then perhaps he was queer.

My connections in the London hotels brought in many clients – my service, after all, is rather unique. Many of my clients take great pleasure in taking a two-fuck ticket with me. My fees are high, but to the oil rich Arabs and indeed other wealthy Europeans, the price is worth paying. What an entertaining story at a dinner party, father and son screwed by the same whore, sometimes at the same time.

Over the years I have come to desire only virgins. I'm kinky for their naivity and for the sudden surge of *joie de vivre* which blossoms in their fruition.

Perhaps one of the most rewarding experiences I had was with two young Arab princes from Bahrain. Their father is a kindly man of around sixty who has little interest in sex. We spent an afternoon together but he didn't want to fuck. Despite fathering 23 children he had a favourite wife and the twins were her offspring and indeed his heirs. I was told that they were both 18 years of age, but that neither had experience with a woman.

Arriving complete with two bodyguards, the maid brought them up to the room I use for VIPs. Of course they are all VIPs in my business, but one always has one's preferences and taking on two at once was going to be rewarding and hard work.

Pacha was the eldest by two minutes. He looked like a tailor's dummy with his Saville Row pin-striped suit, while Armaud wore a T-shirt and jeans. Like most of the Arab boys I have entertained, the first thing they did was present the gifts – in this instance, it was a gold casket filled, of course, with crisp new £50 notes. I always receive my students from the bed, but as soon as I clapped eyes on them I sensed that they had both copulated before, either with each other or with women.

Pacha was certainly a very coarse young man who was quick to undress and jump into bed beside me, while Armaud was busily looking around the room and admiring the view from the balcony. Pacha no doubt would become a philanderer but Armaud was totally different.

Having always been the violator, I was not prepared for a change of rolls. From the look of his thick young prick, there was no doubt in my mind that he had put it into many a cunt.

'They say whore's never kiss their clients. Is that true?'

'You can kiss my cunt if you want too.'

His eyes lit up like beacons, already the path to his sexuality was breaking clear, he was going to enjoy the filthiest language I could speak.

Deciding to pin the little fucker to the sheets, I slid across his body. He was as solid as a rock – his flesh richly coloured and his hair a mass of curls. Woman would go mad for him, he had everything they could want, including a substantial amount of cock. His most outstanding features were his bollocks which were almost scarlet in colour.

Investigating further, I discovered that there wasn't a single vein to be seen; eager though I was to see if his twin-brother had the same characteristic, Armaud expressed no interest to fuck.

'We only came for fun – the old man think's we've never fucked. The poor old soul doesn't know we've been through the best part of his concubines!'

'Let's see if your cock is as big as your mouth!'

I slid both hands down around his bollocks. The skin was soft and almost neatly draped around his prick which immediately began to rise slightly. Pacha's hands and fingers were deftly stroking my tits in the most professional way. He was, as I was to discover, a very good lover and had the sex juice gushing down my tubes like oil. He was a boy who liked whores.

# HI, I'M CANDY

**The *grande dame* of American porn *Candy Samples*, has been hired by *Club International* to deal with readers sexual and emotional problems – in her big-hearted, big-chested fashion! Renowned for flashing her incredible 54-inch tits in skin mags and doing unspeakable things on stag loops than putting pen to paper, Candy is capable of turning her hand to more than hard cocks.**

---

*Hi Candy:* I adore women with large breasts; I adore stroking and kissing and sucking large breasts; I adore squirting some lube between a pair of large breasts, then fucking the cleavage and coming all over the nipples. But I was completely horrified to read in a back issue of another magazine about a fetish described as 'tit torture', and positively mortified by the accompanying photos of breasts bound with cord and covered in weals from whipping. The pictures of pierced nipples didn't exactly send blood gushing to my pecker either. Why the hell should a guy want to inflict this kind of discomfort on a woman and, more to the point, what kind of girl lets him get away with it?

*Alan B, Byfleet*

*To establish what makes a person a sadist*

# I IMAGINE SUCH A MAN MIGHT MAKE THE IDEAL COMPANION FOR THE LADY WHO'S UNHAPPY ABOUT HER BUST

*or a masochist, you'd be better off consulting Freud than Candy Samples. I'm not exactly a great tit torture fan myself, though I imagine such a man might make the ideal companion for the lady who's unhappy about her large bust size. Leastways it's a more novel form of therapy than tissue reduction.* Candy.

*Hi Candy:* Concerning the use of Amyl Nitrate as a sexual stimulant, (a) how come it's so widely abused in the homosexual community, and that it never really caught on with us 'straights' and (b) the fire hazard aspect! In a cautiously-worded report in my local newspaper, a man is said to be 'recovering in hospital with severe facial burns following an incident in the toilets of a local nightclub'. From what I can gather two gays were in a toilet cubicle sniffing this disgusting stuff and doing whatever else young men do together in toilet cubicles, when one lit a cigarette at the precise moment his 'friend' was inhaling. I don't recall having seen warning notices about Amyl bottles or capsules. Finally, while on the subject of vapour abuse, has a positive link ever been established between Amyl Nitrate and AIDS?

*Tom, Newcastle.*

*From what I can gather, the female of the species is far more averse to the negative aspects of popper sniffing than the male: the lingering stale socks odour, the headaches and, not least, the proclivity to soften the erection and diminish staying power. Amyl Nitrate is more of a way of life with active male homosexuals than a mere 'drug' (is it classed as such? I have no idea). They use it on the dance floor, in the bedroom and – as a sort of 'sacrament' – is a vital part of the homosexual S and M ritual. To answer your second point, only in the USA is Amyl Nitrate labelled as having an inflammable vapour. In Europe its dangers go unannounced. AIDS? When the scare first broke late in 1980, scientists strongly suspected a link, simply because Amyl abuse was the only common factor in recorded patient histories. However, following more accurate correlation between individual background histories, Amyl Nitrate is now generally discounted as being a contributory factor. However, sniff at your own risk . . .* Candy.

*Hi Candy:* I'm writing as an attractive young housewife who subsidises her Social Security cheque by working part-time in porno movies. I've had a good few boyfriends in my time, so 'working out' with a guy in front of a camera doesn't exactly constitute demanding work, though those tungsten lights wreak havoc with my skin! The reason I'm writing, however, is to register surprise that you have never taken it upon yourself to complain about the awful conditions that porno film players have to put up with. By your own admission you've been into stag loops for 25 years, so you of all people must be aware of the shitty dressing rooms, poor wash and douche facilities (if any), and the constant chore of re-shooting sequences over and over (for no extra cash) because of general incompetence and – all too often nowadays – excessive intoxicant-taking on set. All this for a lousy 50 quid a day with no expenses and often without even a lunch thrown in. Why, I should like to know, are you so keen to protect an industry which is so manifestly rotten? Or do you always have a piece of the action in your movies?

*Cindy B, Bournemouth.*

*I've only opted for percentage instead of cash for the past three years or so, due to my movies getting widespread distribution. Prior to that I was on basic rate just like you, hiking my income with magazine shoots and film festival promotions. As you say, facilities on porno sets are pretty damn poor: I can remember one set in particular which, in addition to the absence of changing rooms, had washing facilities consisting of two buckets – one to piss in, one to wash in. But let's face it, working in porno isn't like working on stage two at MGM. Fly-by-night is the name of the game; Indeed, I can't recall* any *porno movie that hasn't at some stage of production infringed obscenity and morality laws, or not been guilty of paying way below film union minimum rates. But just who the hell are you to bitch about the porno movie industry? You may 'only' be getting 50 quid a day (though I doubt it, unless you're a toothless hag in her seventies), but how bad is that as a tax free supplement to your Social Security cheque? Never bite the hand that feeds you, Sugarpuss.* Candy.

'Oh Igor! How thoughtful'

*Hi Candy:* I read all the time about 'erotic enemas' and the esoteric delights of having an enema plug shoved up your arse and connected to a Bardex 2-gallon model no 356A or some such. Thinking I was missing out on the action and that I might have a long-lost erogenous zone in my bumhole, I KY'd my wife's vibrator and rubbed it round by bung. Shit! Nothing but discomfort! That's what I've got to say to those dirty enema freaks. Hell, there are even magazines devoted to the subject! Anyway, let them have their fun, because I have now discovered an even hotter kick than enemas, and I heartly recommend it to all of you enema nuts, everywhere. You sit in the bath – and have your girl toss a live extension cable in beside you. It makes for a real hot come, let me tell you.

*Max J, Luton.*

*With friends like you, who needs enemas?* Candy.

*Hi Candy:* I was horsing around with my girl in her bedroom a few weeks back, when she confessed she'd always wanted to be fucked by me wearing one of her suspender belts. Strongly suspecting I was about to become party to one of her tasteless little

# "I thought they were joking when they asked me to take a computer test to find my perfect partner."..

## 'Me? Meet someone through a computer? I meet people at work, through friends...' I thought. But did I?

How many new people had I met in the last year? Very few... and those weren't in any way special. Dateline said if I completed their **Free Matching Test,** their computer would search through the personality profiles of tens of thousands of other Dateline members to find someone who was right for me. Then if I wanted, the Dateline computer would run for one year to introduce me to as many people as I would like to meet. Many would be living in my area; people with whom I'd have a lot in common... someone my own age... who liked the same things I liked... to go to the places I wanted to go... had similar interests. Someone who I'd really like to meet... who would would like to meet me. And they did!

## How long has this been going on?

14 years ago Dateline introduced this new concept into the lives of millions of single men and women. Now they are more in demand than ever, and are happy that they have helped so many people, not just through love and marriage, though their success rate is high, but simply through giving people like me the chance to meet and expand their social lives. **If you would like to see how it could work for you...**

## Take this free test today!

If you're over seventeen, simply complete the details in the coupon below, telling them what you're like and what you want, and they'll send you, **COMPLETELY FREE and without obligation,** the name and a description of your ideal partner. **PLUS** a full colour brochure telling you how Dateline works, and much, much more about Dateline introductions. ### Film Buff

*Sir:* Writing as a sexually eligible guy of 35 years, I have to lower my head and confess to you that I actually prefer whacking-off watching porno movies to the constant hassle of trying to get laid in this era of tight-twatted feminist fags. Back in the late 60s early 70s – due in no small part to an abundance of soft drugs and 'free love' – life was one, joyous circle of balling your brains out and queueing at the clap clinic. Nowadays, sexual availability is nothing more than one grotesque, media hype: the girls on the street look and dress like professional cocksuckers, but any mention of pussy-eating or cum-swallowing, and they'd shit (or knee you in the balls or call a cop). There's probably some little fox somewhere who'd regard the prospect of a good-looking guy wasting his jis on a porno movie as a wasted life (joke) – but until I meet a real-life Marilyn Chambers (a girl who takes cock in all three holes), I'm sticking to celluloid sex.

*John, Cambridge.*

*I know how you feel, and I sympathise. But surely you can't deny that furburger feels a lot nicer than fist . . . Ed.*

### Suffer-a-Jet

*Sir:* I really like a girl who gets a 'wet-on' the same way a guy gets a hard-on. My girl and I enjoy a really intimate sexual rapport and I love it when she lifts her skirt to show me the wet patch on her pantie-crotch. The sight of all that love juice permeating the skimpy cotton or silk makes my cock unfurl and push painfully at my pants, and I simply *have* to go down on her, pulling her panties to one side and gobbling like a demented pervert on her hairy pussy petals. Mind you, she takes a lot of satisfying and I have to conduct myself really crudely if she's to have a good cum. Like, sometimes I walk up to her while she's reading or watching TV, and I simply unzip and shove my cock into her mouth. If it's a little 'stale' or tastes of piss, so much the better, and she won't let me take it out of her mouth until she's drained my balls. In fact, sometimes we get so excited we both cum before we get anywhere near penetration! All she has to do is lie on the sofa with her thighs spread and her pussy held open, and we both wank just at the sight of ourselves. Another favourite of ours is fucking in front of a big mirror: I adore the sight of my cock going in and out of her teeny snatch, and the best position of all for this is when she sits on my cock and bobs up and down on it. When she lifts her hips so that just the head of my cock is inside her, with the whole of my shaft glistening with lube and her asshole all flexing and puckered, *that's* when I like to discharge my cum best of all. And I bet I'm not the only *Club International* reader who's into mirror fucks!

*Andy T, York.*

### Cocktail For The Lady . . .

*Sir:* I like to wank myself off while my sweet lady fucks herself with phallic objects, and I thought your readers might like to peruse the list of items that Lisa has stuck up her snatch for my pleasure (and I suppose hers as well!): vibrator, rubber dildo, candle dildo, candle, cucumber, brush handle, courgette, deodorant bottle, wine bottle, beer bottle, banana, rolled-up copy of *CI*, fingers, broom handle, pens and pencils, eel (dead), another guy's cock and fingers, screwdriver handle, jack handle, hammer handle, celery, divorce certificate (previous marriage), and a lobster claw. We both would like to know if there are any other readers out there can emulate this.

### Pro Tem

*Sir:* I live in Southampton, in a neighbourhood immediately adjacent to the Red Light district. Although I'm a bachelor, I'm not into screwing hookers; I've always had regular girlfriends, and you can number the occasions I've visited whores on the fingers of one hand. I should explain before I go any further that the 'sluts of Southampton' aren't exactly on a par with the ladies of the Rue St Michel. If you've been at sea for three years or if you've just come out of jail, they'd only be slightly preferable to a surreptitious wank in the toilet, so it was with some interest when, on my way home from a local bar, I saw an unusually attractive girl standing at the end of an alley. I walked past, pretending to be unaware of her presence, and I was immediately taken by her attire: a short, tight, black latex raincoat, seamed stockings and high heels, which combined with a good figure and a more than passable face.

'Looking for a girl?' she asked, as we exchanged glances. Five minutes and £15 later found me in the drawing

# BY NO MEANS ALL BLACK GUYS ARE SUPERHUNG, BUT WHEN THEY ARE THEY'RE THE BIGGEST

*continued from page 34*

jokes, I reluctantly hooked the thing around my midriff and was pleasantly surprised when she started to suck my cock (frigging herself with her spare hand), like the proverbial bitch in heat. She duly 'followed-up' by prostrating herself on all-fours for an all-time world beating doggie fuck (something she doesn't normally do without a few glasses of Champagne and a bit of playful coaxing).

At the time of writing I'm being put through a nightly repertoire – nighties, stockings, panties, you name it – and we're having the most delightfully sleazy sex scenes together. Trouble is, even in the secure confines of a locked bedroom I find myself feeling self conscious, and at times downright absurd ('If my pals could see me now'). How do I get out of this one, Candy?

*Roy T, Hull.*

*Resisting the temptation to play your letter for cheap laughs, I can quite see the predicament you're in, i.e. you'll quite happily do anything to please the lady – to a point. My advice is to let the thing run its natural course. She'll get bored with her new game soon enough, and if she's anything like sensitive, she'll soon begin to realise that your heart really isn't in it.*

*P.S. Got any Polaroids?* Candy.

*Hi Candy:* I've often wondered why it's such a taboo subject – the fact that so many white girls thoroughly enjoy being fucked by black guys. I grew up in an all-white suburb of Nottingham, along with all the accompanying myths concerning the physical attributes and lovemaking propensities of the black man, but it wasn't until my thirtieth year that curiosity finally got the better of me and I took my first black lover. We met at a nightclub, and to protect our relationship from the attendant danger of local gossip, we liaised at a vacant flat which my father had left me in his will, even going so far as to hire separate cabs to take us there.

At first, I was shocked by his sheer dominance. At our first meeting I had only just closed the front door when he was upon me, one hand up my skirt, the other guiding mine to the impressive bulge in his jeans. As he was my first black man, so I was his first white girl, and as we fucked over the ensuing minutes and hours, I began to discover that white girls are every bit as desirable to black guys as vice versa: 'You haven't lived until you've eaten white pussy' the perfect complement to: 'You haven't lived until you've fucked a black man'. Anyway, after a solid hour of being sucked, fingered, nibbled and toungued, my cunt was gaping, gooey mish-mash of saliva blended with my own lovejuice. I was crying out for his cock, I was so damn hot, and I'd come so many times I actually *needed* to be stuffed full of cock.

When my black lover slid just the head of his dick inside me, I felt rather more stretched than usual, but as he slowly eased it in (causing friction in my vaginal walls despite my overall wetness), I knew I was going to have to relax completely to take it to its hilt (I'd gobbled him before he entered me, and guessed that he measured in at an easy 10 inches). He was so big and probed me so deeply that the glans was nudging my womb, but – mercifully – his excitement became so intense after he turned me around and fucked me from behind that he unloaded his cum after just five minutes or so of frantic thrusting.

I'm not so cock crazy that I make a bee-line for every black man I see, but my ecstatic affair with George has helped me conquer my suspicions of black people generally. I now know that I can accommodate big cocks without suffering any real discomfort, but perhaps above all I've discovered that size isn't everything. George, for example, is a highly intelligent and good looking guy with a great sense of humour, and his huge prick serves just as the icing on a remarkably tasty cake.

*Jane P, London NW6.*

*By no means all black guys are superhung, but when they are, they're the biggest. Even when you come across a big one, it doesn't follow that the proud owner automatically qualifies as a great lover – more's the pity! It might interest you to hear that I have the unique distinction of having fucked a* green *cock. Johnny Holmes was feeling a little off-colour that day!* Candy.

*Hi Candy:* Seeing as how your column evokes comment on all manner of sexual excess, I figured I'd write you about the time I went off with a midget following a wild all-night party. The poor little guy was really frustrated, but I respected his courage for asking me back to his flat and, well, I guess all that booze had put me in a generous mood! Dispensing with embarrassing preliminaries, I unbuttoned my blouse straight away and lifted my tits out of my bra. He sat on my lap and played with them awhile, then he took his little pecker out of his pants. It was only about three inches long, so I gave him a quick hand job to put him out of his misery – very frustrating for me, because I was in the mood for some real cock. I needn't have worried, because the little devil had just the answer, rolling up his sleeve and anointing his entire forearm with cream. Candy, if you can imagine being fucked by a 10-incher with little wriggling fingers on the end, you'll know just how amazing it felt to be fistfucked by this little guy. He propped a mirror up so that I could watch my pussy take his little arm right to the elbow, and soon I was enjoying one of the best climaxes of my life.

*Marie H, Brighton.*

*Write me again if you find a giant and I'll come and join you!* Candy. ♣

## All Live Sex!

# I SLID ON TOP OF HIM AND, USING HIS SEMI-ERECT COCK, I RUBBED MYSELF TO ORGASM TO BRING HIM OFF

*continued from page 18*

'I'm going to gobble you up, right down the throat, and swallow every drop of your spunk you little shit-head.'

'Yes, yes,' he said breathlessly, raising his arse as my mouth ventured down past his navel and onwards towards the patch of thick curly black hair that lead to his spike.

Neither of us had paid any attention to Armaud who, even while I was starting to suck his brother off, seemed almost in a world of his own. It wasn't until he turned around that I realised he was wanking himself off. Thrusting his arse forward, his thick brown cock stood rigidly to attention as he held it carefully with one hand while the other was encircled around it with the slow up and down movements that would finally bring the white spunk spurting.

The scene was one of complete debauchery, since the more cock I took down my throat the faster Armaud was wanking himself, until eventually my mouth was right over Pasha's cock and my arse was protruding in the air like a camel's hump. With my gobbling act well into swing, I felt I was earning my fee. His groans of ecstasy convinced me that, experienced or not, he had probably never been gilded with such expertise.

As if I was experiencing some incredible dream, I felt two warm hands caress my arse. These same hands then separated the lips of my pleasure nest and I felt the tip of Armaud's organ gently swish against the sides of my cunt.

Opening my eyes and glancing downwards through the tunnel of my parted thighs I could see his stiffly distended weapon with its ruby head quite uncovered, at that moment it slid into my fanny. He began perforating my vulva, I felt my breasts begin to swell with excitement. In those few seconds I had nearly forgotten my victim who was thrashing about on the bed, staring closely at his brother who was fucking me in the cunt. Holding both my hips still, he slid his enormous cock right up me, started to shake and shudder, then motioned backward and forward until he felt his cock hit my quim. Because of the hardness of his prick and the stealth with which he was able to use it, I found myself enjoying a lingering orgasm, just before he deposited his life-drops into my waiting and eager vulva.

With the aura of sexual excitement in the room, it was no surprise when I felt the young Pacha shoot down my throat. He didn't spunk very much and when it was over he rolled on to his belly and clutched at the pillow. For some unknown reason, seeing Armaud huddled on the edge of the bed and Pacha turned on his stomach I did no more than spank my little Arab twins. First my hand began to slap Pacha's arse with such violence that I surprised myself, then I realised he was enjoying it – he was almost begging for more.

*'Of course, it won't be there five minutes before the bloody thing gets vandalised!'*

Animated by the delicious sensations I had experienced, I waited expectantly until I thought he was excited then I turned him over and stared down at the half erect cock. Parting my labia lips I slid on top of him and, using his semi-erect cock, I rubbed myself to orgasm, to bring him off almost at the same time.

The fucking ceased about an hour later after I'd spanked Armaud and used him in the same way. Their two crumpled bodies looked very amusing amid the sheets and when my Polaroid clicked, I knew the photographs would be worth a lot of money to their father who would no doubt laugh about the two of them being fucked silly.

Even whores need holidays and after three years of hard work, I decided just on the spur of the moment to take myself off to the South of France for a holiday. I felt I needed to get away from the business.

I was just approaching Lyon when I stopped at some traffic lights and noticed a group of young gypsy boys cleaning car windscreens. In my very poor French, I asked one if he wanted to come to Lyon with me. He hesitated for only a split second then ran around the other side of the car and got in.

I booked a double room in Lyon.

He showed no signs of embarrassement as he stripped off his rags and plunged into the bath. We could hardly communicate but my eyes took in every part of his fine physique. His neck and arm muscles put his age at around 18, while the bush of hair around his prick told me he was a man.

When I was quite naked, I walked across to the bathroom and began to run the shower, observing him as I splashed the water across my body.

I took hold of his hand and guided his fingers down towards my fanny. He was a willing student and, clumsy though his fingers were, they soon grasped the wetness. My eager hands and tits were soon provoking his cock into rising.

Alas, his incompetence and sexual ignorance ruined the whole scene, for within seconds of his cock entering my slippery cunt he came, shaking and shrinking when he had spunked, like a rocket that fizzled out in the sky. He was trying too hard, the shame showed on his face as did the disappointment. Taking him back into my arms, I began to caress his body very gently, as though he were an injured animal. As he paced himself again, I told him to be patient and not rush things.

He was all over the place trying to please me until eventually I pushed his face down between my warm legs. His tongue prodding and pushing at my cunt lips.

'Suck me', I heard myself scream as suddenly his tongue came to life and I began my trip to the orgasmic planet where all I could hear was his tongue lashing against the walls of my vagina. Oh I came alright, I thought my head was going to burst. He had stretched my legs open so far that it was just as though my whole body was being pulled apart with ecstasy. When I recovered my equilibrium I took him down on the sheets, stretched my body on top of him and started to make love to him again. Our fucking seemed to last for eternity. In between we smoked cigarettes and drank glasses of red wine.

In the early hours of the morning I heard him go. Burying my head in the pillow, I slept most of the next day. ♣

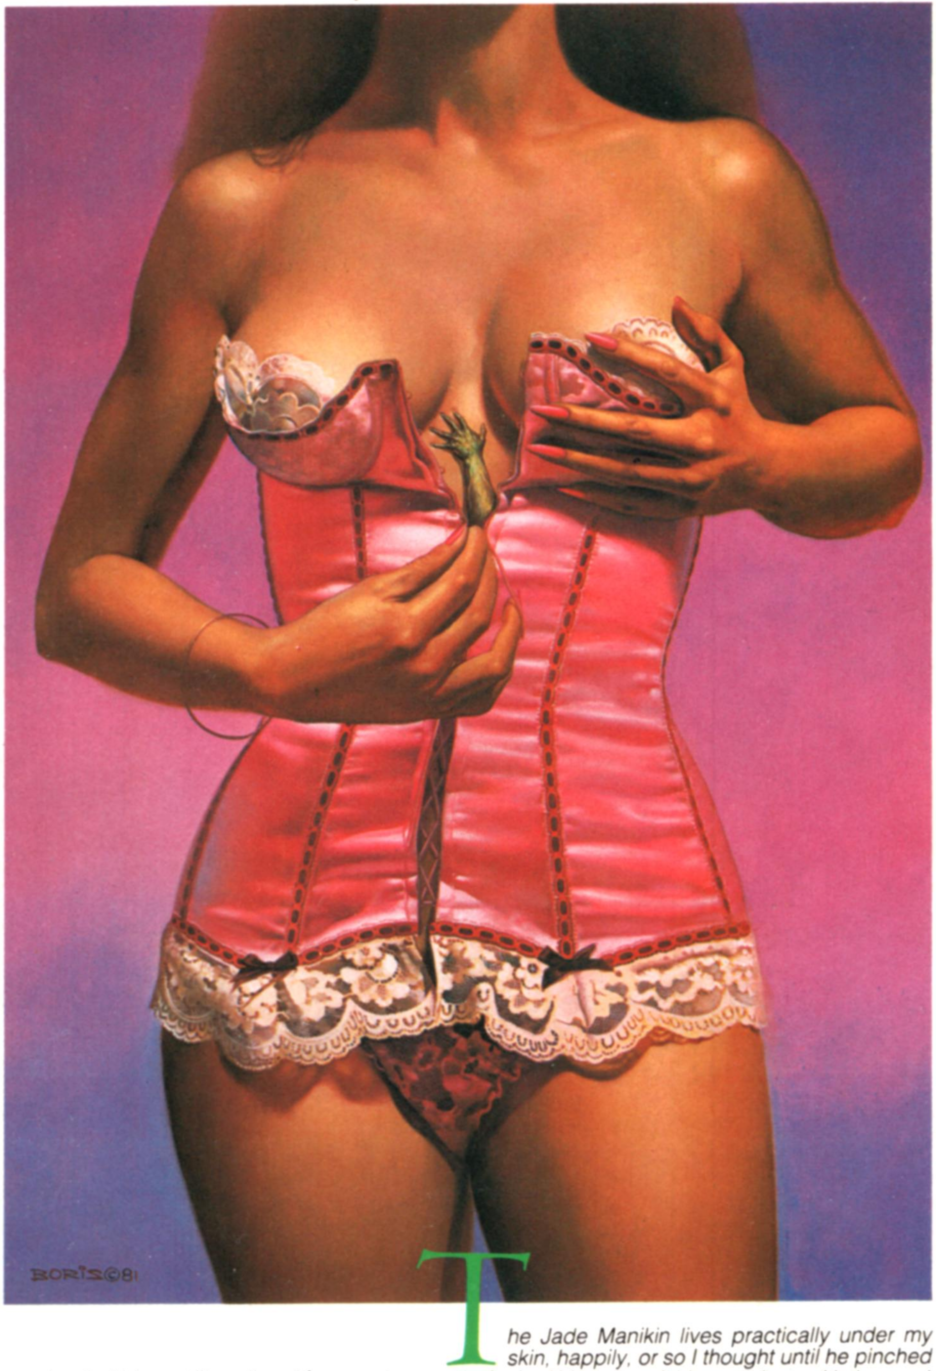
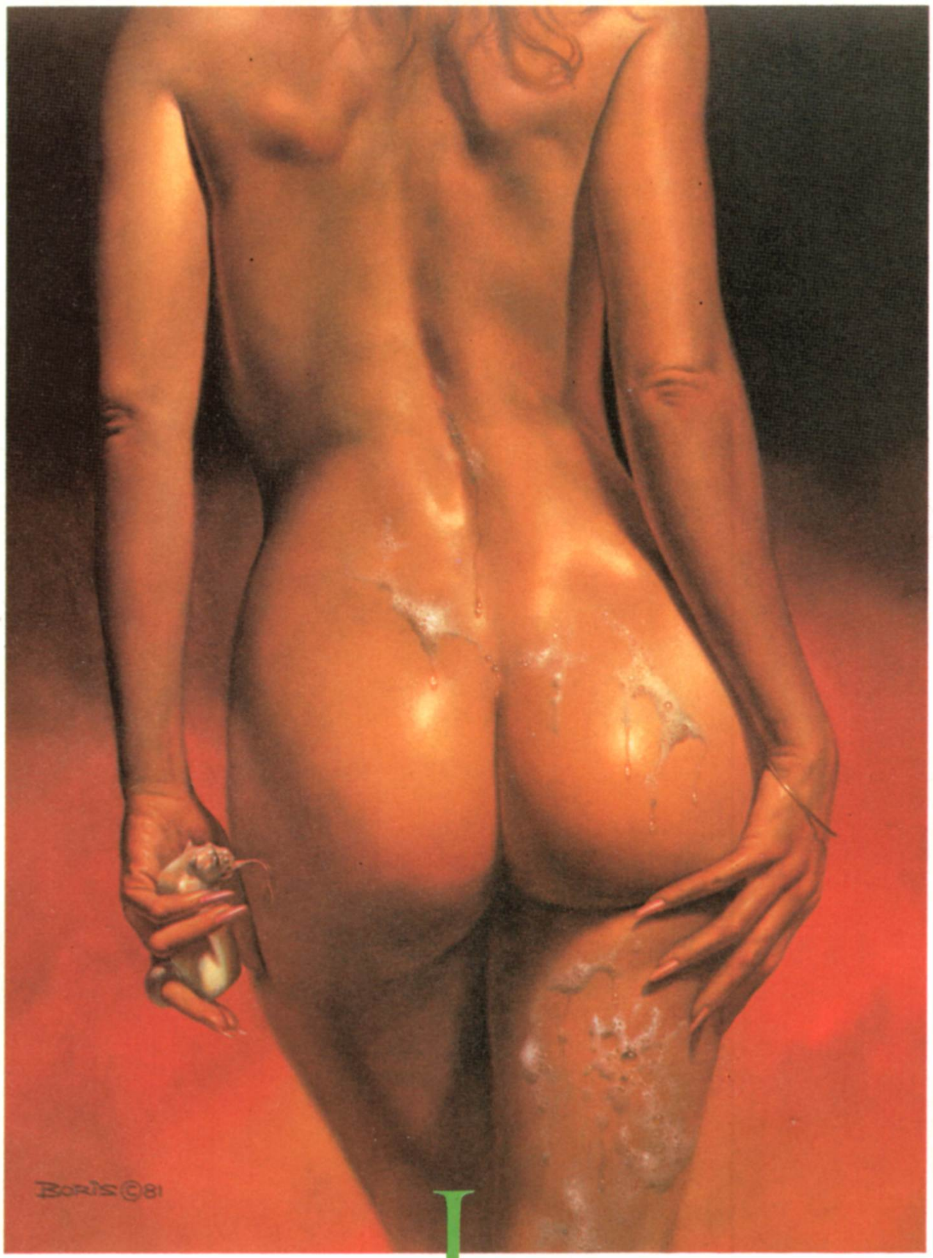
# MIRAGE



*The Jade Manikin lives practically under my skin, happily, or so I thought until he pinched me. I pulled him out like a lizard from under a root, plucked him out, spit him out along with the cruel taste of his cry.*

Renowned the world over for his fabulous book cover illustrations, Boris Vallejo has now turned his talents to erotic fantasy art. A selection of this work is now available in *Mirage*, a bold and provocative volume. We have pleasure in featuring a few of our favourite studies here for your edification.

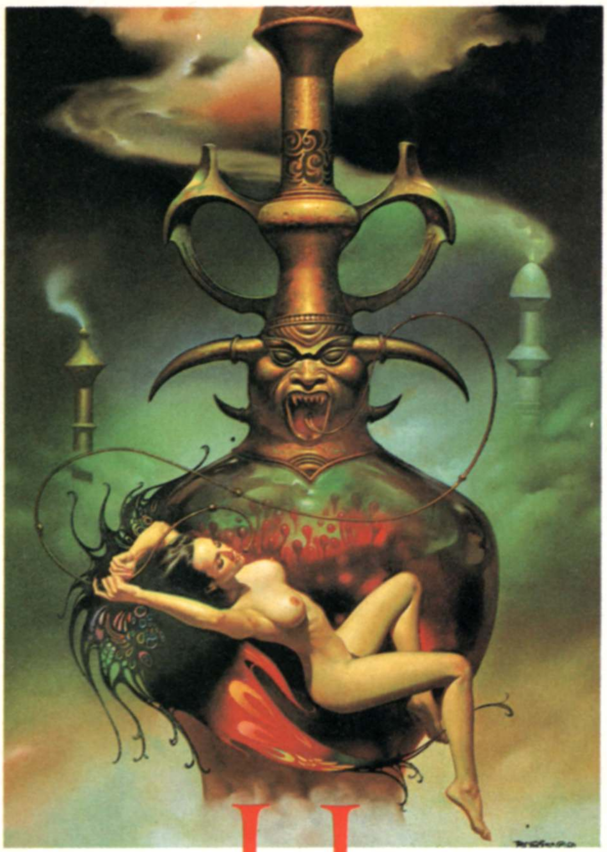


*Little counterfeit lover, how were you born out of milk-white, warm-white vanishing bubbles? How, cast from a half dreamed memory, do you understand the tick-tock of a ravenous heart? And how, from your half imagined mouth, do you blow wet foamy kisses light as touches begun and ended yesterday?*

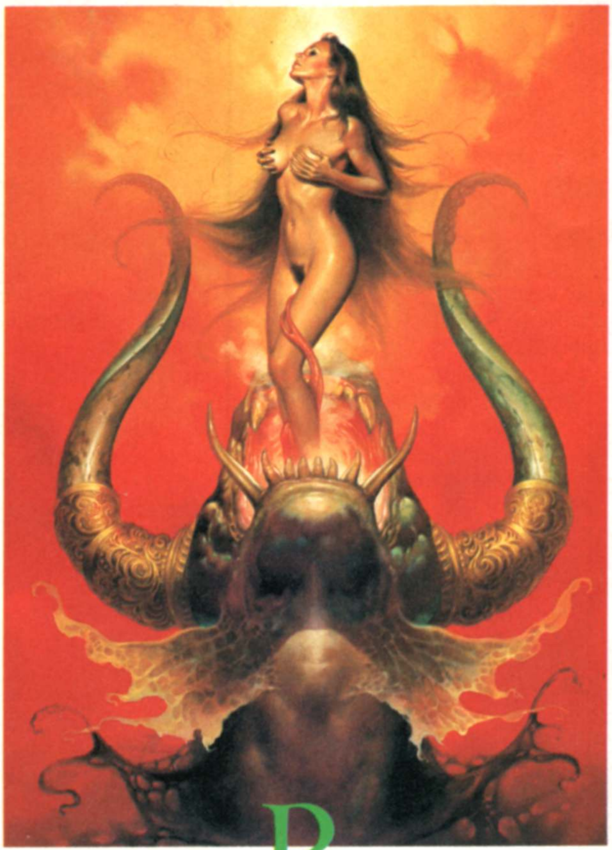
Boris Vallejo was born in Lima, Peru, and he is currently one of the world's foremost fantasy illustrators. He has gained international attention for his stunning science fiction and fantasy works, and justifiably so.

His work has appeared on the covers and inside books by such well-known writers as Edgar Rice Burroughs, creator of the *Tarzan* story, Alice Chetwyne Ley, Frederik Pohl, Larry Niven and Lin Carter. He has also done work for the *Conan* and *Doc Savage* series.

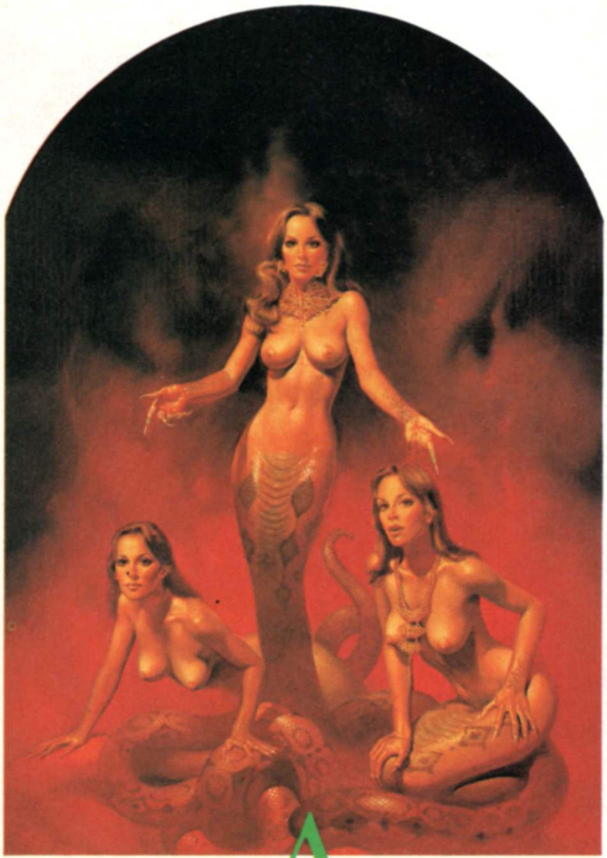
With *Mirage*, he has assembled beautifully sculpted goddesses and muscular warriors in scenes of menace, brooding, and horror. It is without doubt his strongest and most original work to date. Priced £5.95, *Mirage* is published by Paper Tiger. ♣



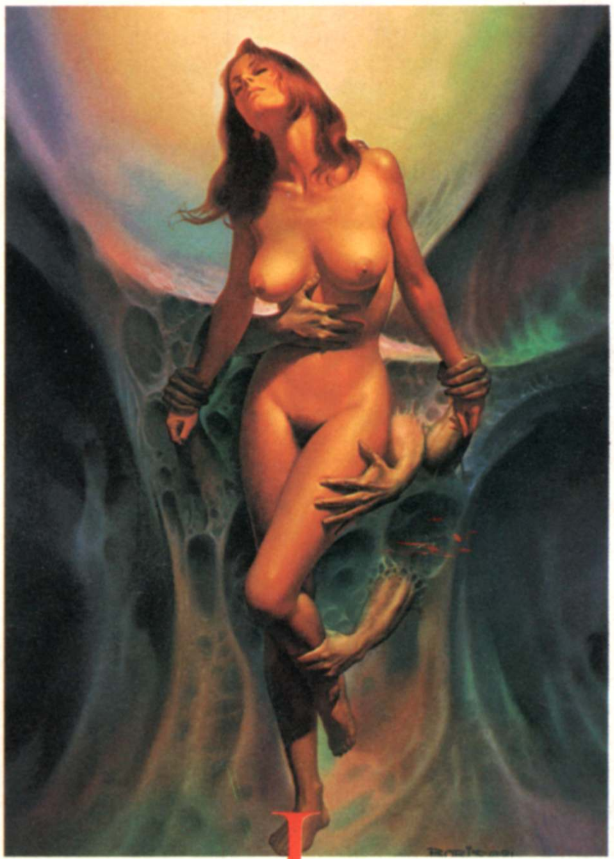
*He rocks me, cradled in poppy mist, while I suck from his gold umbilical tongue such dreams as lope and tumble.*



*Born to a spasm's beat, muscled out through a grunt's release I strain to rise, to fly, to cry those tears.*



*At a masquerade I met a serpent dressed as a woman I once loved. 'I know you,' I said, 'mirage in the desert. Your breasts are sand dunes that will flow through my hands.'*



*In the flesh-locked land of longing mute hands comb the whining bone marrow for a short way home. Touches shine brighter than words or IOUs in the dark and can be counted like pennies.*

room of a surprisingly well-maintained house – a far cry from the typical whore's apartment. Added to which, she didn't have the hard looks of a hooker, and she was reasonably well spoken. She unbuttoned her raincoat to reveal nothing underneath; nothing, that is, but a black suspender belt and stockings! She positioned herself in a huge, throne-like wicker armchair, opening her legs (lovely plump thighs) and running her fingers through her impressive black bush of pubic hair.

'You've got ten minutes', she informed me, as I clambered out of my clothes. 'You can do anything you want, except bugger me. I've got a lovely fat bottom and I expect you'd like to stick your cock up it – but my cunt's lovely and tight. Why don't you start by eating it?'

'You don't have to talk dirty', I told her, as I peeled off my underpants. 'Just looking at you has made me hard as a rock!' Thus saying, I determined to get my money's worth, vigorously fucking her this way and that, until I was ready to spunk.

'I know it's very unprofessional', she said 'but I'm enjoying this. You know what I'd like you to do? I'd like to sit on your cock while you lie there, and while I slide up and down on it, I'd like you to smack my bottom – as hard as you like!'

After I unloaded into her perfumed snatch, she stopped to pick up her knickers, but the sight of her pink-wealed buttocks and a dribble of cum making its way down her inner thigh sent a second wave of blood coursing into my cock. Unable to control myself I squatted behind her, parted the cheeks of her bum and sucked her gaping cunt, lapping up the cum that I'd ejaculated only minutes previously.

But I was correct in assuming she was no full time pro – if only because she enjoyed it too much! She was merely a bored housewife, fucking for kicks and earning enough cash to keep her in clothes and perfume. If only all hookers thought, looked, fucked and sucked like her!

*Stan H, Southampton.*

**Bad Meet**

*Sir:* It is surely a phenomenon of the Swinging Era that the advent of Herpes and Aids seems to have had no effect whatsoever on the sexual conduct of heterosexuals. Swingers clubs, wife swapping chains and sex parlours like Plato's Retreat in New York are enjoying nothing less than a boom, while all around us a veritable Black Plague of sexual maladies is on the rampage. I travel worldwide in my capacity as representative for a munitions company, and I can tell you quite emphatically that the streets of all major cities in the Western world are still teeming with prostitutes. I may be paranoid, but it seems to me that a guy would have to be completely mad (or masochistic or an actual herpes victim!), to want to fuck a whore in, say, Los Angeles.

*Tony C, London SW.*

*I don't think you're paranoid in the slightest. These days it's all down to regular girlfriends and/ or dirty books, nothing makes me more suspicious than an over-willing girl! Ed.*

**Breast Friend**

*Sir:* The worst thing about being a sexual fetishist is the very real problem of finding a sympathetic partner. To me, the most attractive part of a female anatomy is her breasts, so much so that I far prefer fucking a girl's tits to her cunt. Basically, I like to sit astride her and massage her nipples awhile. Then, when they're good and stiff I take hold of them and start to fuck her cleavage, ultimately ejaculating over her nipples and rubbing the cum right into them. Not many women I've met object to this by way of a diversion from straight suck and fuck, but I've yet to meet a girl who really gets off on this above all else. This surprises me somewhat, as I've no objection to a girl masturbating while I tit-fuck her, and (if I were able to use a dildo), I'd have no objection to doing it myself, using my spare hand.

So if there are ladies out there who get their kicks from a good tit-fuck, maybe you'd like to get in touch with me via *C I. Rudy, Merstham.*

**Double Cream**

*Sir:* Most of us guys go to our graves with our sexual fantasies unfulfilled. It is presumably in recognition of this unhappy fact that so many guys turn to publications such as *Club*! At 39 years of age and well into my seventh year of happy (but conformist) marriage, I too was beginning to think that prospects of wild scenes with wanton women were a distinctly fading possibility, until a recent trip to the supermarket. Yes, the supermarket! My wife was ill in bed with flu and I was doing the weekend shopping, late on Friday night. At the vegetable counter a pair of teenage girls were playing around with some cucumbers (!), and as I pushed my laden trolley past them, I caught a distinct whiff of alcohol fumes.

'Here, wait a minute!' one of them called out to me. 'My friend wants to ask you something!' Somewhat reticently – and feeling somewhat foolish with my trolley contents crowned by an economy pack of panty pads – I complied. The girl – a stunning redhead with prominent tits – asked, brazen as you like: 'We need some advice. Would you say this is too big?' She was brandishing – yes, you guessed – a cucumber. Hastily, I weighed the situation up. Was this one big leg-pull, or was I on the receiving end of an altogether different 'pull?' Either way, I figured I had nothing to lose.

'Definitely too much for one girl, no matter how hungry she might be', I ventured. This had the desired effect of breaking the ice, and both girls collapsed in giggles.

'Mind you', I continued, 'it's not *too* big, is it? I mean, if you were desperate, you could, er, *share* it!'

'What *does* he take us for?' said the redhead, feigning indignation. 'A pair of nymphomaniacs?'

Due to circumstances beyond my control, these two sexy young bitches and yours truly left the store together quicker than if I had planned it: our immodest conversation and laughter had been overheard by a spotty young assistant manager, and for the first time in my life I found myself being evicted – from a supermarket! A pillar of local society, in the company of two drunken teenage girls!

'I think you'd better come back to our place for a drink', said the young brunette. 'You

# AFFECTIONATELY YOURS

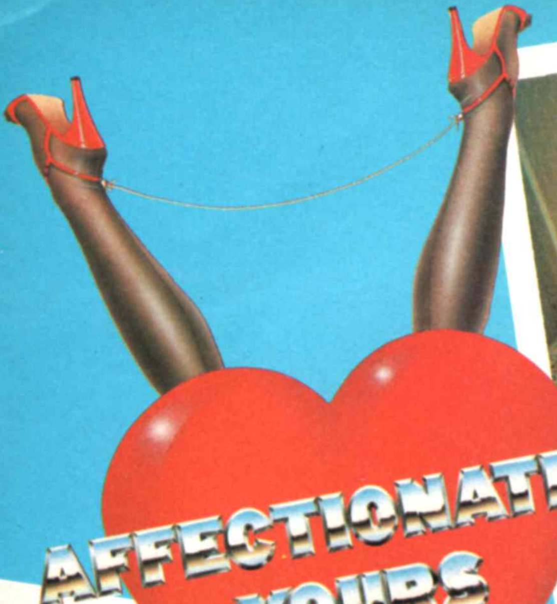
**These pages are available for you to show off any object dear to your heart. We pay £25 for each entry published, irrespective of the number of photographs, on receipt of an invoice or claim. We cannot guarantee return of pictures.**

Top of the page, a delectable bundle of fun who goes by the handle of Miss G. She hails from Midlothian in Scotland, and lensman N E thinks it would be a waste not to feature her in these pages.

Right, modelling some stunning slinkies, is S N, who tells us that she 'Likes her body – that's why she's showing it'. She has almost as good judgement as we do ourselves.

Above, we have much pleasure in presenting a young lady from the city of Bristol, Caroline Marsh. Caroline was snapped in these saucy poses by her boyfriend Tom, but he doesn't know they're to be published. Should be a really pleasant surprise for him when he opens these pages.

A Greener wanted to share a few of his recent memories with us. The woman in the straw headgear is an American friend who was over here for a spell, and on being introduced to *Club International*, thought it would be a good idea to appear in its pages.



# AFFECTIONATELY YOURS

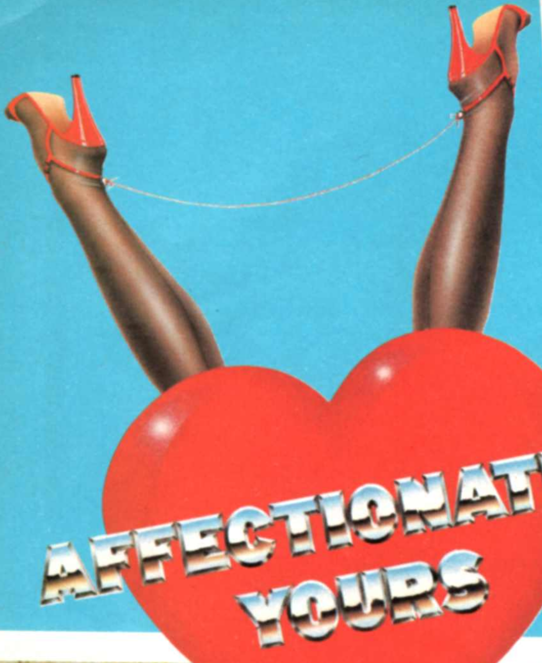
Arthur has sent us in these four shots of his favourite girl, Dawn. Apparently, posing in the nude is her 'almost' favourite activity, and Arthur just needs to show her a camera and she's disrobing and all. Poor old Arthur, it's tough at the top, huh?

Bottom of the page, three rather interesting camera angles, showing some of the best bits of Bernard Argaut's wife. She's Italian and he's French, but we shouldn't hold that against them.

Above, we don't have a name to go with these shots, but we think you'll agree that stunning blondes of this calibre have every right to be shown on these pages.

Below, J D White, a Bradford man, has sent us these three excellent shots of his adorable wife, one of the many fabulous over-forties to grace our pages. There seems to have been fewer than normal lately, could the hard winter of '82 be taking its toll?

# AFFECTIONATELY YOURS



Black stockings and suspenders, what more could a man want from life? The lady sporting the said alluring garments must remain nameless, but it's doubtful if that will detract from your viewing pleasures.

Top of the page, is Linda, who tells us she'll be getting turned on just thinking about all you horny readers out there drooling over her magnificent form. She tells us her appearance will also be a surprise for her affectionate husband, who took the shots.

Another anonymous woman, but one with a mouthwatering selection of skimpy things to show off.

# AFFECTIONATELY YOURS

Right, a contribution from the county of Surrey, showing something we're sure all readers will be able to identify. Despite the model's shyness, her husband assures us that on seeing these photographs published, she'll send us more revealing shots. We'll hold her to her word.

This selection of black and white and colour shots comes courtesy of Jerry, the woman striking the manifold poses. She enjoys *Club* so much, she feels she should give something back in return.

Above, someone who likes to loll about in the sun. She's Denise, and the lensman was her adoring husband, who just happened to be handy whenever Denise took off her clothes.

And finally, two shots of Kellie, a woman who has often wanted to share her charms with *Club* readers, but has only recently plucked up the courage to send in the shots.

*continued from page 64*

look like the kind of guy who might enjoy watching a couple of girls sharing a cucumber . . .'

And share it they did. These two attractive young strangers were really kinky for just about any sexual deviation known to man – and woman. First, they hand-fucked each other, using KY jelly and coming-off all over the place. At their suggestion, I jerked off as they cucumber-fucked each other, and when finally they got around to sharing its 14 inches (an incredible sight), they insisted I clit-frig them as they struggled to accommodate every last inch of the vegetable. Then we bathed, drank some Scotch and went to bed for the night, after I phoned home to tell my wife I'd met up with an old business associate.

There followed a long, sex-saturated night in which sleep hardly figured in the scheme of things. We did just about every damn thing a guy and two girls were physically capable of: cock-sucking, finger-fucking, dildo fucking, cunt-sucking . . . you name it, we did it. Frankly, my wife chose not to believe the reason I gave for staying out all night and refused to talk to me for three days but . . . Those two randy little sluts made me feel 21 years old all over again.
*John V, Worcester.*

**Toothsome Foursome**

*Sir:* I like a girl with a sense of adventure. I recently had the good fortune to meet a lovely, big-breasted blonde teenager in my local pub, and after meeting and taking her home and fucking her brains out for five nights in a row, I began to realise that my lovemaking (perfectly adequate, by normal standards), wasn't enough for her. Not wanting to lose this delightfully decadent lady, I suggested she meet some of my male acquaintances who, I figured, would love an opportunity to fuck around with such a dirty-minded girl.

In due course I introduced Sue to two good friends of mine at the local wine bar, and following an evening of considerable imbibing, we went back to my apartment. Sue took the initiative by peeling off her miniskirt and removing her blouse. She wasn't wearing a bra, and her massive tits flopped almost to her navel. Beneath her skirt she was wearing nothing less than a black leather suspender belt which supported seamless white stockings: the perfect whore!

'Do anything you want, boys', she offered. 'I'm feeling like a mare on heat, I don't need a fuck – I want a gynaecologist!'

My friends Andy and Giles needed no further prompting. They tore off their shirts, clambered out of their jeans and were at her, both of them fully erect from the off. Andy stood behind Sue, feeling her arsehole and squeezing her plump tits, while Giles fingerfucked her and French-kissed her from the front. Soon we manoeuvred her to a couch, and while Andy and Giles took turns to eat her pussy, I sat on the sofa-arm and jerked-off into her eager mouth. Rather quicker than we intended, we all shot our cum into Sue and all over her tits, bum and cunt – but she wasn't anything like satisfied. It was then I remembered the cream gateau in the fridge for such occasions!

Imagine, if you will, a gorgeous, eager, generally hot-to-trot teenage girl, naked but for suspender belt and stockings, sprawled in a leather sofa and covered from head to foot in synthetic cream. Then, imagine her contorting her body so that her ankles actually meet at the back of her neck. Then, contemptuously dismissing the overtures of three hard-on'd boys, she proceeds to take large dollops of cream and stuff them into her snatch, following up with a request for a salami sausage to dildo herself with! Incredible as it seems to recollect, this actually happened in my demure South London bachelor pad. Sue's obscene antics were simply too much for Andy and I, who popped our nuts just by watching her fuck herself into a delirium with an improbably large vegetable marrow. Giles, meanwhile admitted defeat by shamefully losing his erection and turning his interest to the late night TV movie. *Two hours* later, my friends long gone, the movie finished and myself aching for nothing more than a good night's sleep, Sue was still fucking herself – though she had progressed by this time to a conveniently-contoured wine bottle. In closing, I can sincerely say that this is the only time in my life when I've been faced with too much of a good thing! At 19 years of age, Sue had put three accomplished cocksmen to shame, and after four hours of continuous vaginal penetration was still pleading with me (at half past three in the morning) to fuck her some more. If I'd been born a satyr, I could have fucked myself right into the *Guinness Book of Records*!
*Michael W, Norbury*

**Dressed to Drill**

*Sir:* I want to tell you how the most embarrassing episode in my life was miraculously turned into one of the most profoundly sensual. After a live-in relationship with my girl came to an abrupt and (on my part), unwanted end after eighteen months, I became very depressed and started to drink heavily and more than was good for me. One night I was feeling low and pretty lonely, and by way of an experiment (I was pretty stoned at the time), I undressed and climbed into some clothes that Barbara had left behind in her hurry to escape my evil clutches. You can imagine how I felt when, studying my new look in the mirror – silk two-piece suit, Ungaro shirt, tights and all – Barbara returned to the fold, walking into the bedroom completely unannounced. Shit, I wanted to kill myself! But her reaction was just amazing:

'I think some blusher and

eyebrow pencil would improve your look,' she suggested, completely unfazed. 'And maybe some lipstick.' Let me tell you that one thing a St Laurent two-piece is definitely *not* cut for is male tumescence! As I stood, still mortified by my girl's surprise visit, my hard-on protruded like the proverbial flagpole.

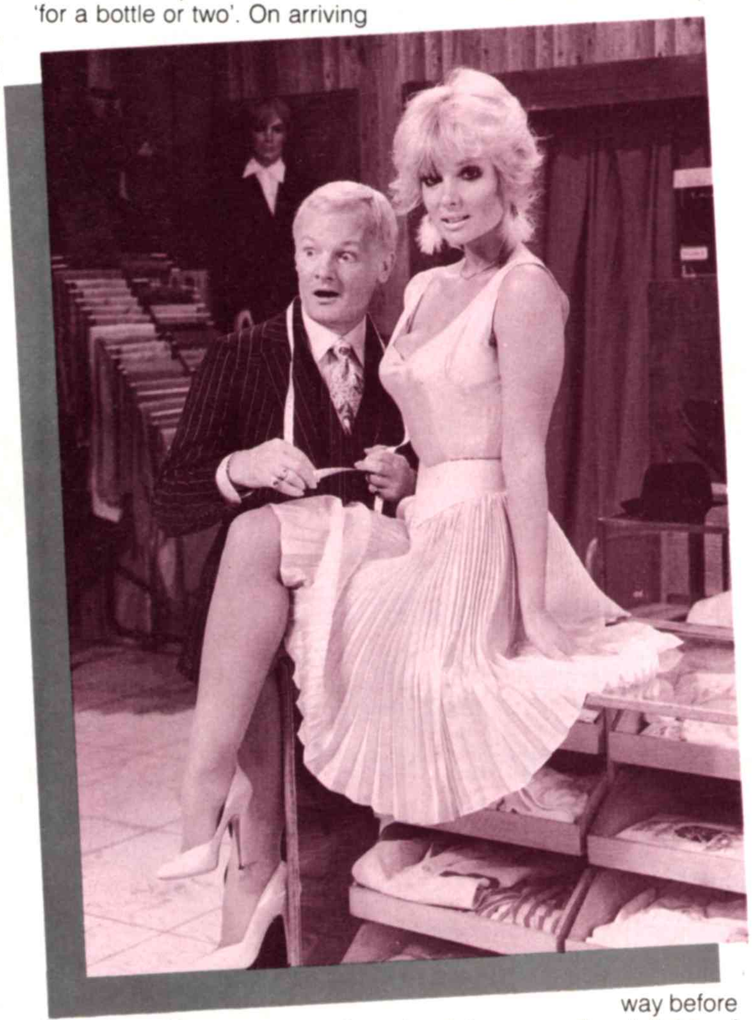
It seems the best and only way to appease a red face is laughter, and over the next three hours we really enjoyed a uniquely joyous, hilarious reunion, punctuated, I need hardly add, by some wickedly bizarre sexual antics. Like, lifting your skirt and having your cock lipsticked, then gobbled, by a gorgeous chick wearing your best Armani suit and Ferragamo loafers is *definitely* one for the sexual archives!

*John X, Ryde.*

*Club would welcome more sassy 'kiss 'n' make-up' stories: you can't beat the highly personal anecdotes of others for sheer entertainment value! Ed.*

**Sec's Sex**

*Sir:* I have been reading *Club's* letter pages for some years now and with great interest, but I've yet to read any correspondence on the theme of how 'plain' women compensate indifferent looks with extreme sexual behaviour. I believe it was Jimmy Soul who sang that immortal line 'If you want to be happy for the rest of your life, never make a pretty woman your wife', and while I have no intention of marrying anyone, pretty or ugly, there is a surprising degree of truth in that naive sentiment. Indeed, I could cite numerous examples from my lifelong catalogue of sexual indulgence. A classic example of an unattractive girl who made up for it between the sheets is a former secretary of mine, an Irish girl who was plain in countenance, prim in manner and prudish in dress. Here was such an obvious non-starter than I didn't even bother asking her out: her devout Catholicism represented, as far as I was concerned, the last straw in terms of sexual accessibility! How wrong this assumption turned out to be.



Margaret had only been in my employ for four days when she invited me back to her flat, and it was only because I figured refusal would have caused offence that I accepted her invitation, I began – not altogether happily – figuring her intentions when she insisted we stop at a wine store 'for a bottle or two'. On arriving at her place, Margaret promptly made me a Martini of mind-bending strength and went straight to the bathroom 'to change'. Raquel Welch she most definitely was *not*. Would I, I found myself thinking, even be able to get it up?

Despite her prevailing plainness, Margaret's figure, while not an instant head-turning groin-stirrer, was slender enough, and certainly bulged in the right places. Add to this a delightfully whoreish makeup job, a ridiculously transparent baby doll nightie, suspender belt, Dior seamed, silk stockings and a pair of high heels, and my cock sprang to attention like an uncoiled spring. I had never even regarded Margaret in a sexual context before. I'd never once given her the eye or looked at the turn of her buttocks as she walked across the office or imagined how she looked with a big hard cock in her mouth. Never!

'Margaret! What a pleasant surprise!'

'Don't just sit there gawping – you look ridiculous. Come on now, get your things off. You're not at work now and you're in my home; you'll do as I say!'

Now, every guy likes a girl who knows what she likes, but way before I got to savour the delights of Margaret's Gaelic gash, I found myself in an even less probable situation than being naked and tumescent in my secretary's home. Margaret, it rapidly transpired, was of the dominant persuasion, and if I was into gobbling pussy, 69, fingerfucking and all the myriad delights of conventional heterosexuality, Big Daddy Boss-Man was going to have to avail his virgin white arse to a sound thrashing.

'Margaret, you know I've always found you really attractive. But do you really want to do that? Couldn't we just . . .'

No, we couldn't. Feeling like a prize arsehole, I complied with Margaret's command and lay across her full, stockinged thighs. Thank God she only used the flat of her hand! As she spanked me with her right hand, she masturbated with her left, scolding me verbally, first for being 'a naughty boy', and later, while her blows were heavier and her clitoral administrations more frenzied, her verbal propriety lapsed to the extent that I became a 'dirty fucking cunt-sucker'.

'Now is it my turn?'

More than a little irate and – let's be honest – considerably humiliated, I vowed to reciprocate with a rampant cock and a suitably savage climax. Having manoeuvred Margaret into position for a good 'doggie-fashion' fucking, I didn't even pay her the courtesy of spreading her labia before shoving my dork into her box. She squealed like a pig as her lips were pushed into her unlubricated cunt by my hungry cock, but by the time I'd nudged around, eight inches deep in her sex-guts, she'd released enough natural lubricant to take an army of sex-starved Masai warriors. Now so deep in her that my balls slapped against her oversized clit with each fresh thrust, I reached for her tits, kneading her nipples then coating my fingertips with saliva to masturbate them to full erection.

'Please, not that! I'm . . .'

As I squeezed mercilessly, jets of fluid suddenly cascaded from her nipples on to the crumpled pillows. So that was why she was on such a pronounced man-hating trip: the prudish secretary from County Wickford was pregnant!

We shared the inevitable cigarette, and out the story came. Yes, I quite understood that she regarded me as a father figure. No, I wouldn't ask her to leave her job because she was expecting. No, I wouldn't start thinking of her as any easy lay . . .

At 10 the following morning Margaret arrived at the office completely unruffled by our brief flirtation. In a large organisation, staffed almost entirely by pathological gossips, nobody suspected a thing. For the following three months of her pregnancy we balled three to four days a week, and by the time she was six months gone her heartless lover, a victim

of last minute pangs of conscience, came to carry her away. Clearly I was not alone in appreciating that there is more to plain girls than sometimes meets the eye!

**Rhythm Riding**

*Sir:* One of my favourite occupations is riding my horse. Another favourite occupation of mine is screwing juicy young girls. Last weekend I got the occasion to combine the two.

I was cantering along a woodland trail when I came across a girl of about 20, blonde, skinny and dressed in teeshirt and short shorts, hobbling through the trees. She'd twisted her ankle, so I offered to ride her back to my place and call a doctor. She sat in front of me in the saddle, and soon I got a tremendous hard-on rubbing against her back. She let me feel her pointed tits inside her teeshirt, then her hot cunt inside the shorts. I slowed down so the horse was just walking, lifted her up and turned her round and impaled her on my cock. She wrapped her legs round me and we proceeded like that the two miles back home, jigging up and down with the motion of the horse. She must have climaxed half a dozen times before I squirted my load up her cunt, fingering her and biting her tits as I did so. It sure took her mind off her twisted ankle, and when I got her home and we were waiting for the doctor to arrive, she returned the compliment by sucking me off down her throat. Now we've arranged to meet again as soon as she's mobile.
